

The Non-Insured Health Benefits (NIHB) program provides eligible First Nations and Inuit clients, residing in Canada, with coverage for a range of health benefits, including mental health, that are not covered through other social programs, private insurance plans, or provincial/territorial health insurance.

Our clinicians are enrolled with the Non-Insured Health Benefits (NIHB) program, and we can submit claims directly to NIHB, so clients do not pay fees at point of service.
