

## **Opportunities for Psychology Students**

### **Job Description:**

We offer practicum and internship placements for doctorate level psychology students. With eight psychologists on our team, we provide students with a wide range of learning opportunities in a supportive and collegial environment.

Supervision related to therapy and assessment with children, adolescents, adults, and families is available. Supervision regarding couples therapy and therapy with seniors is not currently offered. Our psychologists are experienced in a range of therapy modalities, such as CBT, DBT, ACT, and CPT. A training plan will be created that meets the goals and objectives of the student and assists them in their preparation for licensing. Mentoring related to the business aspect of private practice is also offered.

Compensation is determined based on the student's experience and supervision requirements. Student placements must be onsite but are likely to include virtual/phone sessions from one of our offices.

### **Required Qualifications:**

- Enrollment in a recognized clinical, counselling or school psychology PhD or PsyD program
- Experience providing therapy and conducting assessments, including the completion of at least one practicum placement
- A strong working knowledge of ethical and legal issues
- Well-developed professional writing skills
- Professional demeanor
- Excellent organizational skills

References and a Vulnerable Sector police screening will be required if the placement is offered.
